

New shuttle Bremerhaven ⇄ Frankfurt/Main

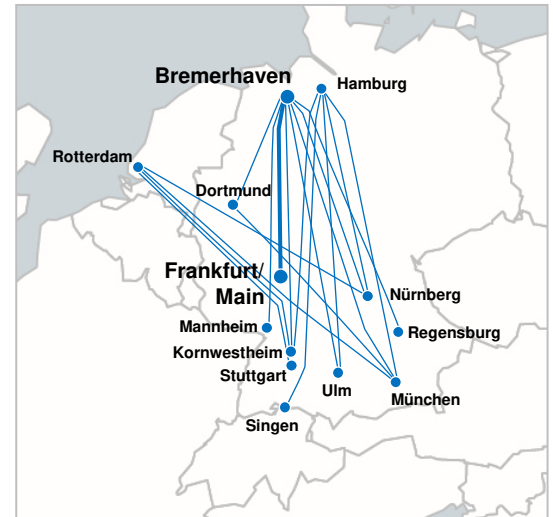

From 4 May 2020, ERS Railways will launch a new train between Bremerhaven and Frankfurt, connecting the federal state of Hessen/Main area directly to the northern ports via the Frankfurt/Main metropolitan region.

Two shuttle trains per week and direction will be in operation on the new route. The production as a direct train within an existing network ensures a high quality level for our customers.

With this new offer ERS Railways increases the network density in Southern Germany: with 8 destinations from Bremerhaven, 5 destinations from Hamburg and 4 destinations from Rotterdam we offer a one-stop service for your transports in Southern Germany.
