in the network of the Hupac Group

**12 terminals**  
managed by the Hupac Group

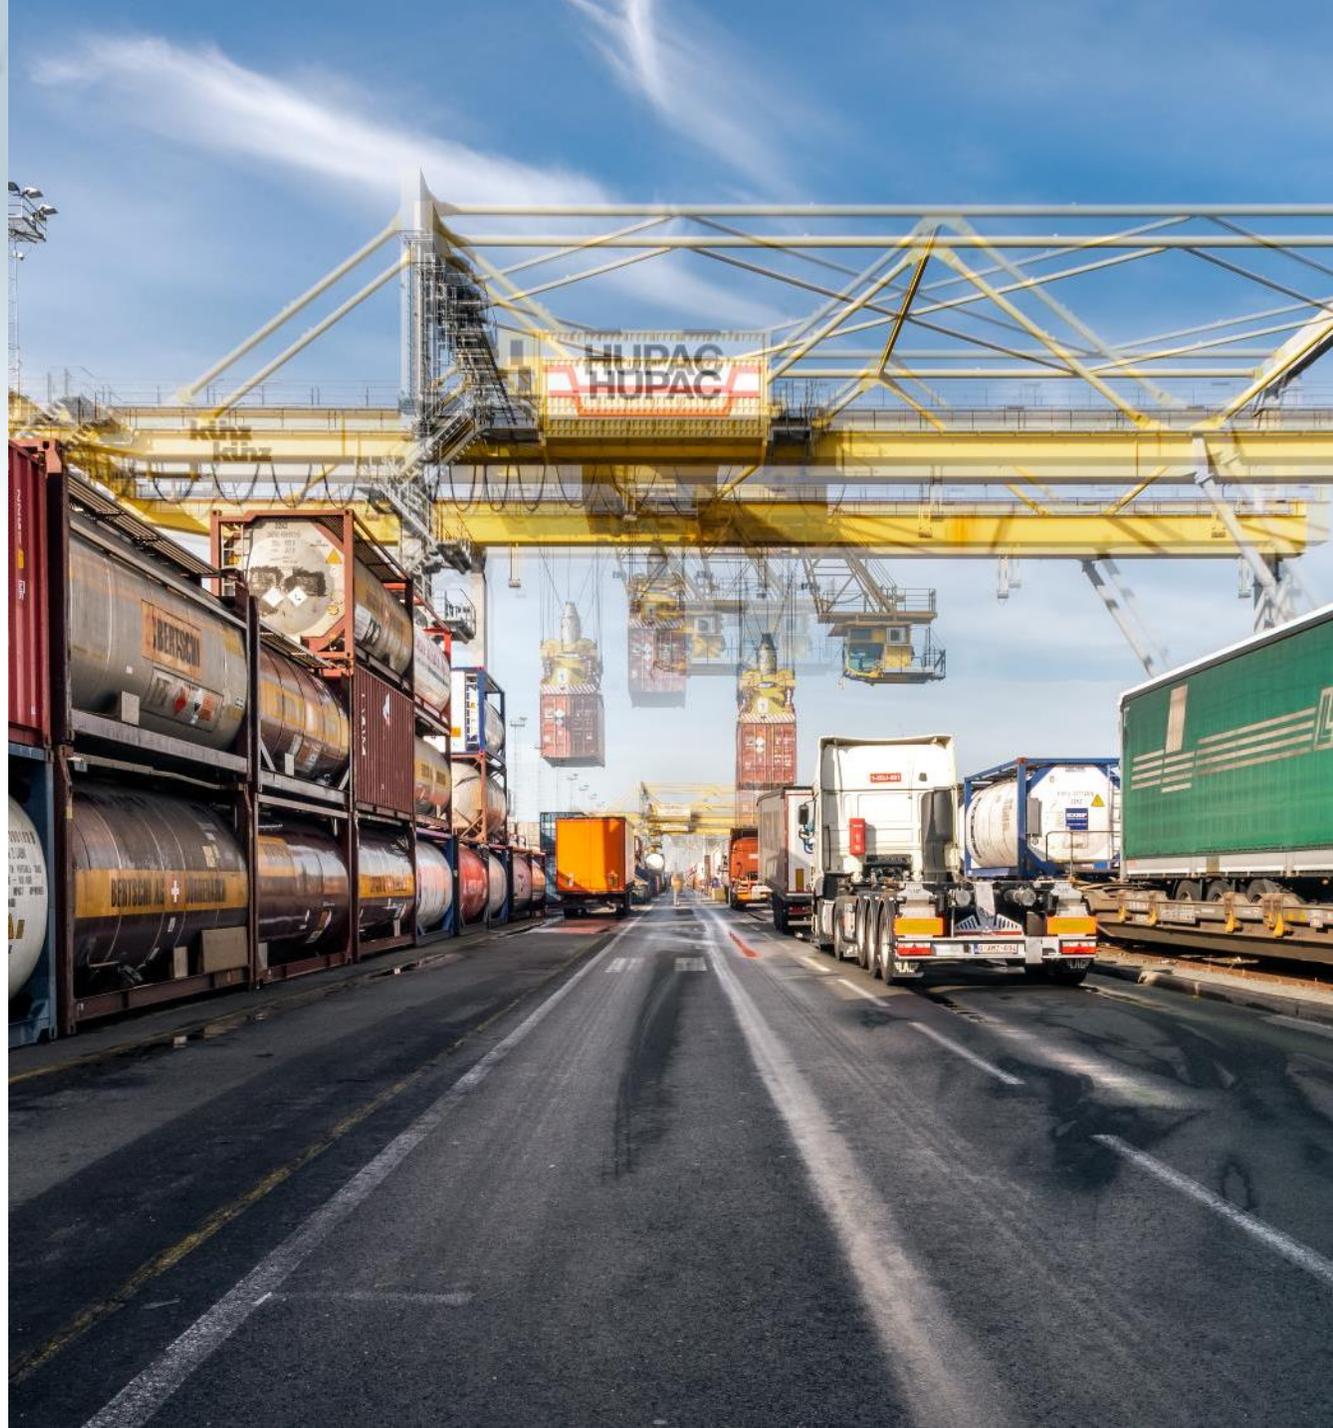

**20 railway partners**  
selected for specific relations

**9,100 wagon modules**  
completely low-noise

**680 employees**  
on a full-time basis

# Hupac Group network. The power of intermodality

## Shuttle Net

Get access to the most attractive intermodal network in Europe and up to the Far East.

## Company Shuttle

Charter your own train and secure capacity at a competitive price.

## Maritime Logistics

We deliver quality from port to door.

## YOUR ADVANTAGE

**Strong partner with an extensive intermodal network**

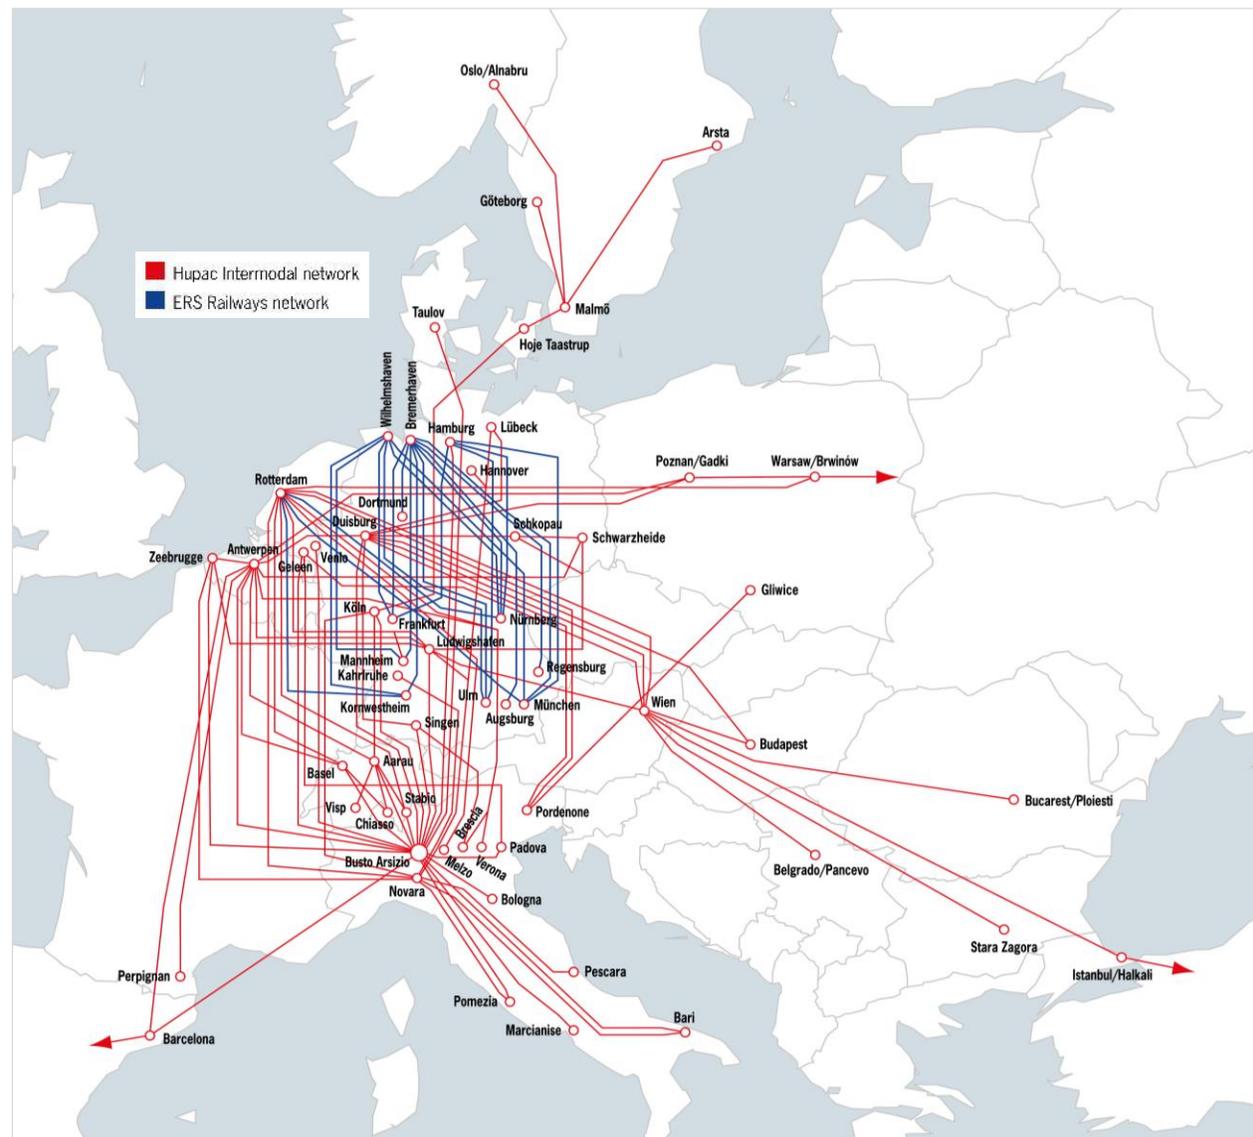

**Own resources for reliability and long-term market commitment: wagons, terminals, railway partners**

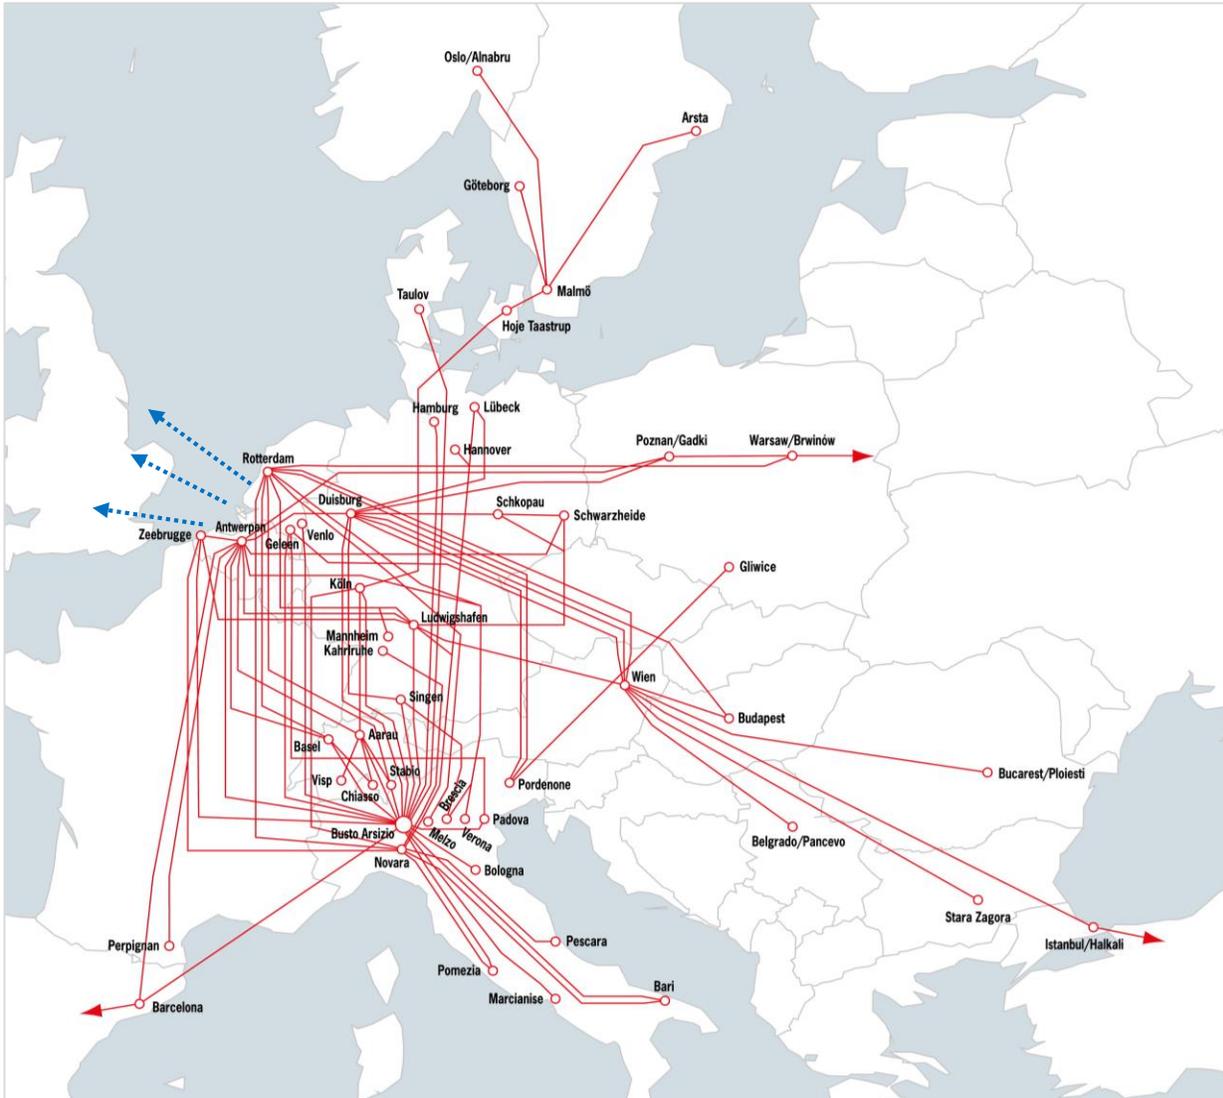

**Full package of digital & technical services**

**Eco-friendly: 90% less CO<sub>2</sub>, 75% less energy**

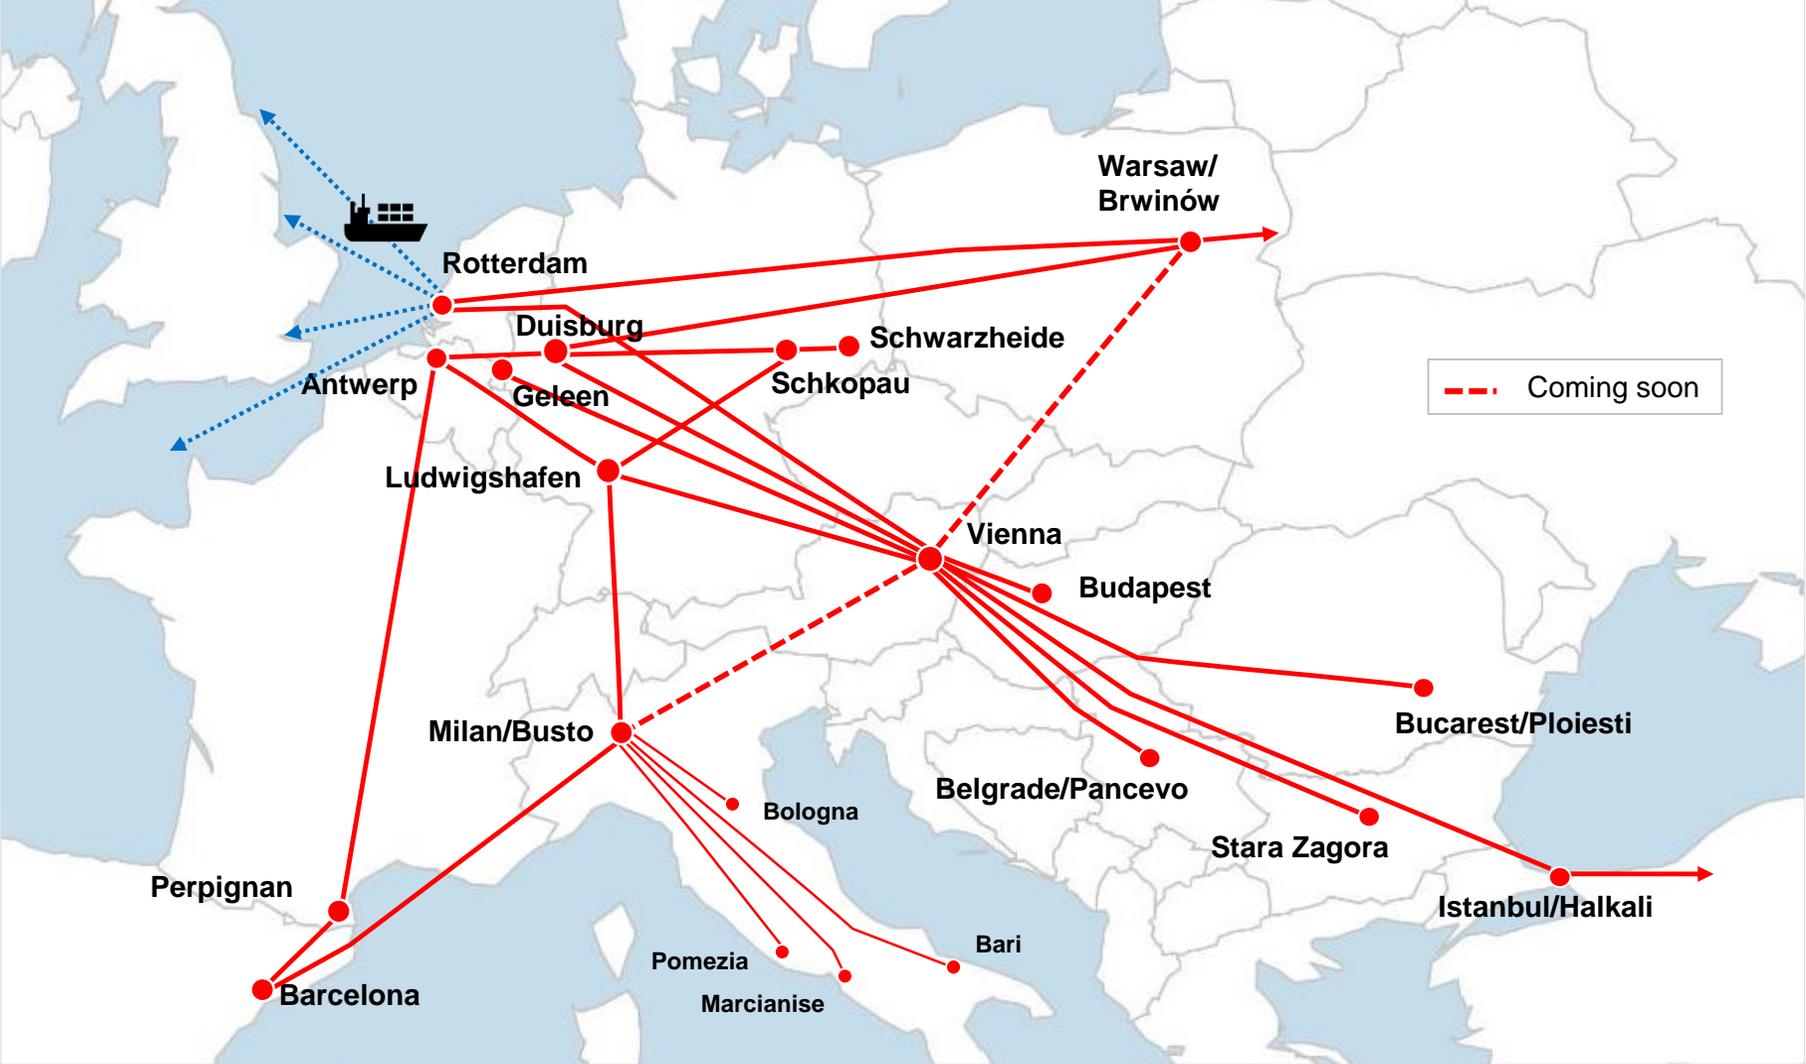

# Shuttle Net. Always evolving to meet the needs of logistics

## NEWS 2023

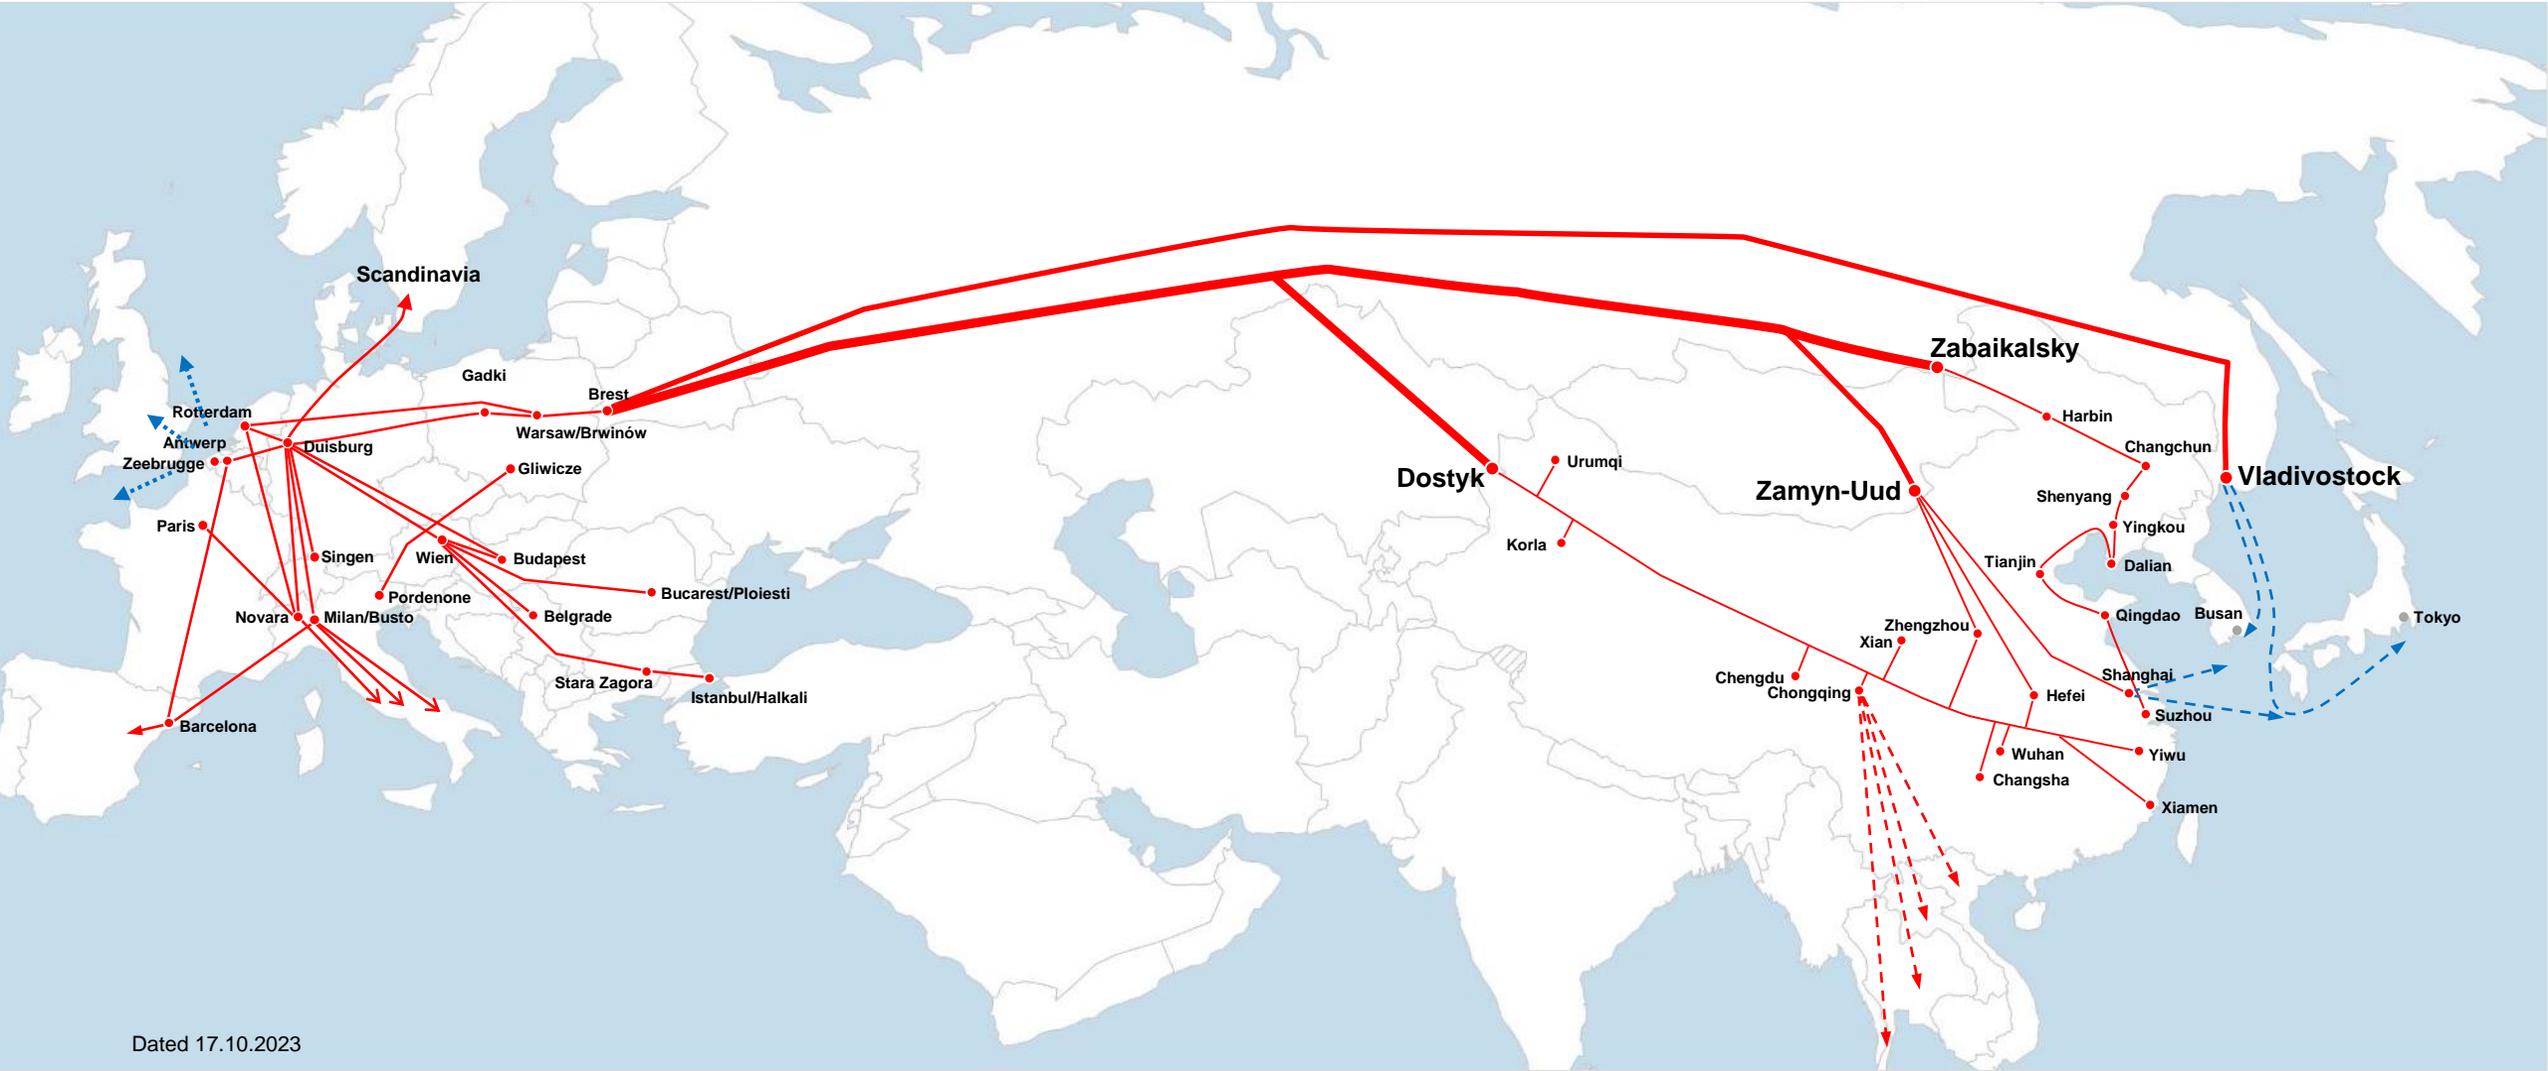

- **Terminal Köln Nord** and its growing network
- **Terminal Warsaw/Brwinów** with solutions linking Poland to west and south Europe
- **Italy domestic:** connecting north-west to north-east, to central and south Italy
- **Italy international:** new solutions to/from Benelux and Poland
- **North-east/south-east Europe** with dynamic development up to Poland and Turkey
- **Spain**, linked via Busto Arsizio and directly to Belgium - now open also for P400 trailers.
- **Maritime south:** connections from Italian ports to the north

# Shuttle Net East. Supporting growth in emerging markets

# Landbridge China.

## Take the fast line to connect Europe and China

# High frequency network connecting Germany to seaports

- **Bremerhaven**  
35 roundtrips per week
- **Hamburg**  
35 roundtrips per week
- **Wilhelmshaven**  
10 roundtrips per week
- **Rotterdam**  
10 roundtrips per week

# Own resources, flexible solutions: a service you can count on

## Fully integrated European network

Hupac's network covers the entire continent with daily trains. Focal points are the economic areas in Germany, northern Italy, Belgium and the Netherlands. From there, dozens of trains connect peripheral and emerging markets such as Spain, France, Scandinavia, Poland, Switzerland, Austria, south-east Europe and Turkey.

## Dedicated terminals

Our network is based on efficient terminals managed or co-managed by Hupac. The main locations are north Italy, Antwerp, Rotterdam, Duisburg, Ludwigshafen, Singen and Brwinów. Terminal projects are located in Duisburg DGT, Basel Nord, Brescia, Milan, Piacenza.

## Own railcars

Hupac operates a fleet of 9,100 wagon platforms for all types of loading units, which offers clear advantages in terms of independence, flexibility and reliability.

## Expert teams in Switzerland and Europe

Our teams based in Switzerland, Italy, Belgium, the Netherlands, Poland, Spain and China are available to assist you with all your needs and ensure you enjoy a full service experience.

## Selected rail partners

Hupac supports rail liberalization and chooses the optimal rail partner for each relation. Our more than 20 rail partners are the best-in-class in their regional market. We believe in long-term partnerships and strive for efficient and reliable processes.

## Prepared for contingency management

A fleet of reserve train sets, own locomotive drivers ready to step in when needed, an extensive network offering a variety of alternatives, a 24/7 traffic control team supported by AI planning tools – that's how we keep the traffic moving even in tough times.

## Digital services to make intermodal easier

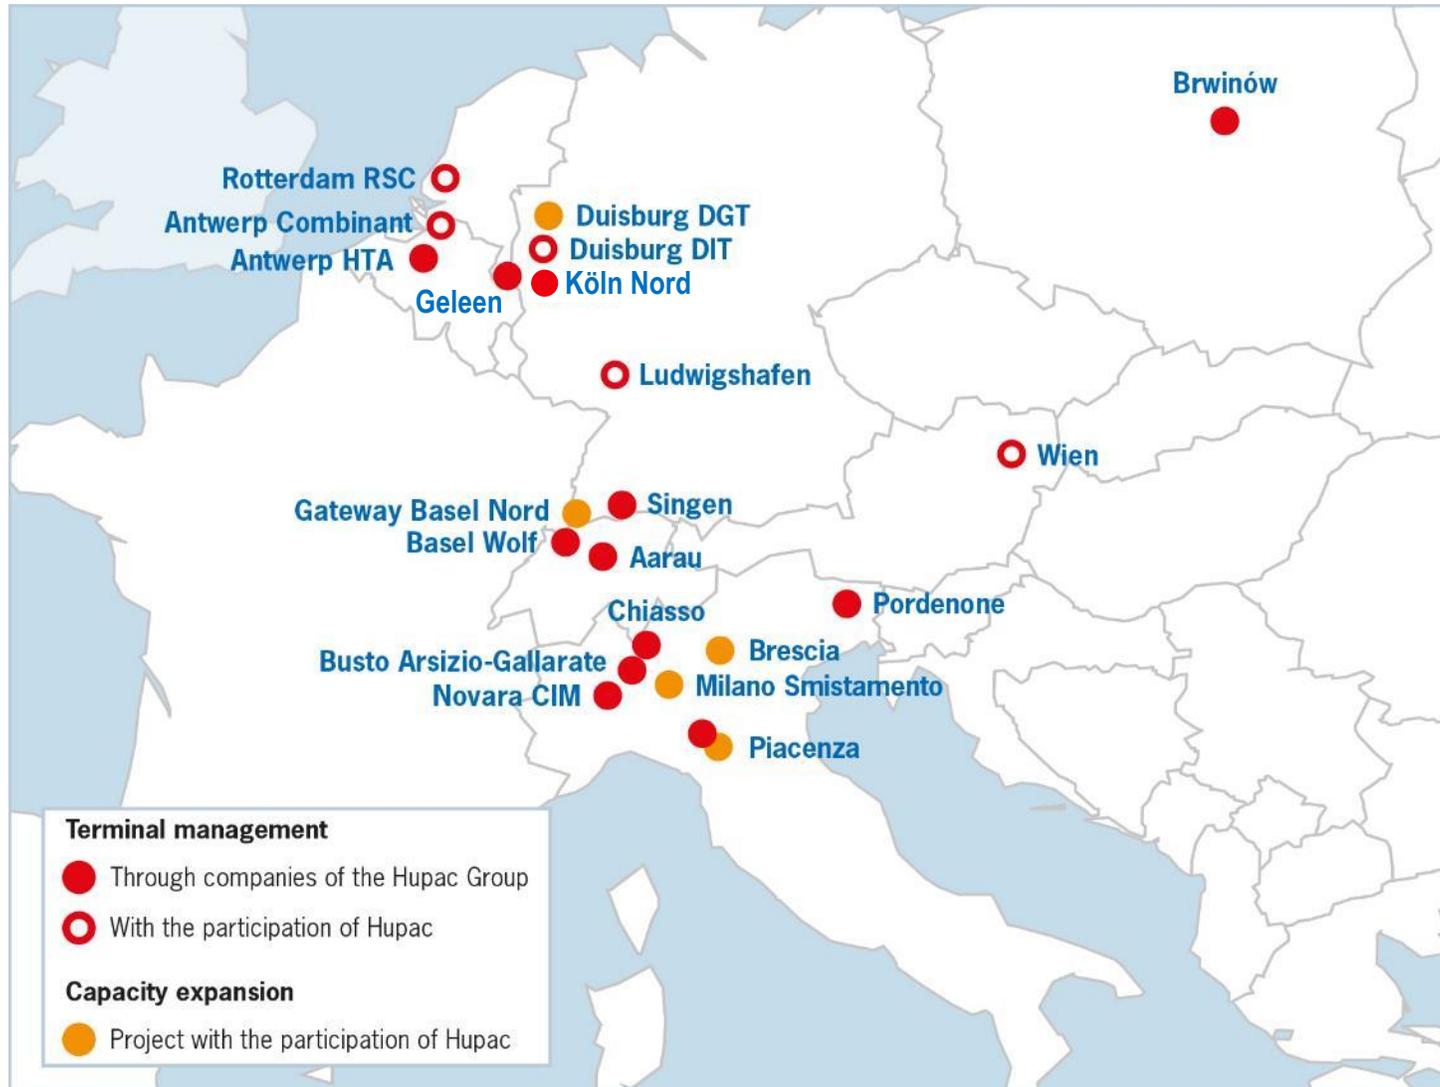

Hupac is at the forefront of the digitalization of intermodal services. Easy booking, seamless track & trace, machine-to-machine data exchange, digitally supported terminal processes, estimated time of pick-up is the minimum you can expect.

## Technical support

We provide all the technical advice you need to ensure that your vehicles are compatible with the requirements of combined transport.

# Dedicated terminals to ensure handling capacity

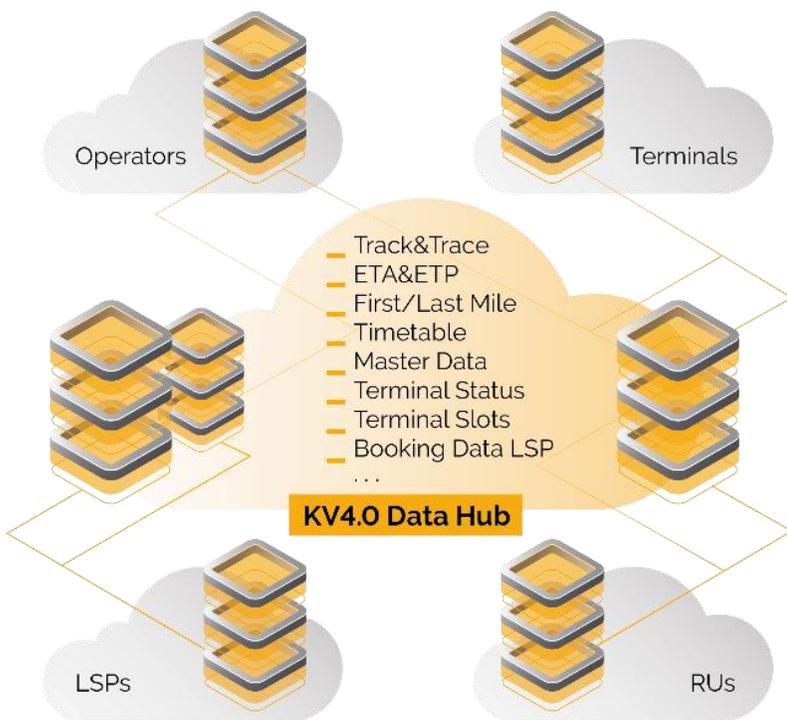

**New capacity** 1.300.000 loading units  
**Investment** EUR 500 million

# KV4.0 Data Hub: machine-to-machine data exchange along the whole value chain of intermodal transport

Reliability and productivity through data transparency from LSPs to railway undertakings

Central point for direct access to all transport-relevant combined transport data

Optimised data exchange costs through reduction to a single interface

Easy access via the standardised interface format EDIGES

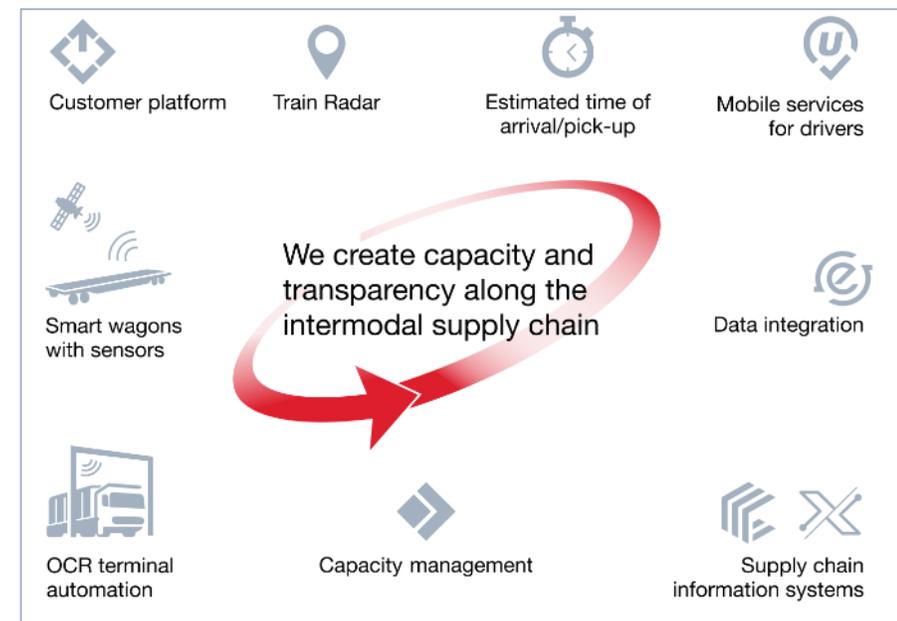

Modern cloud-based solution

**DX Intermodal GmbH**

- > Established in 2022
- > Fully operational since March 2023
- > Open to all companies of combined transport

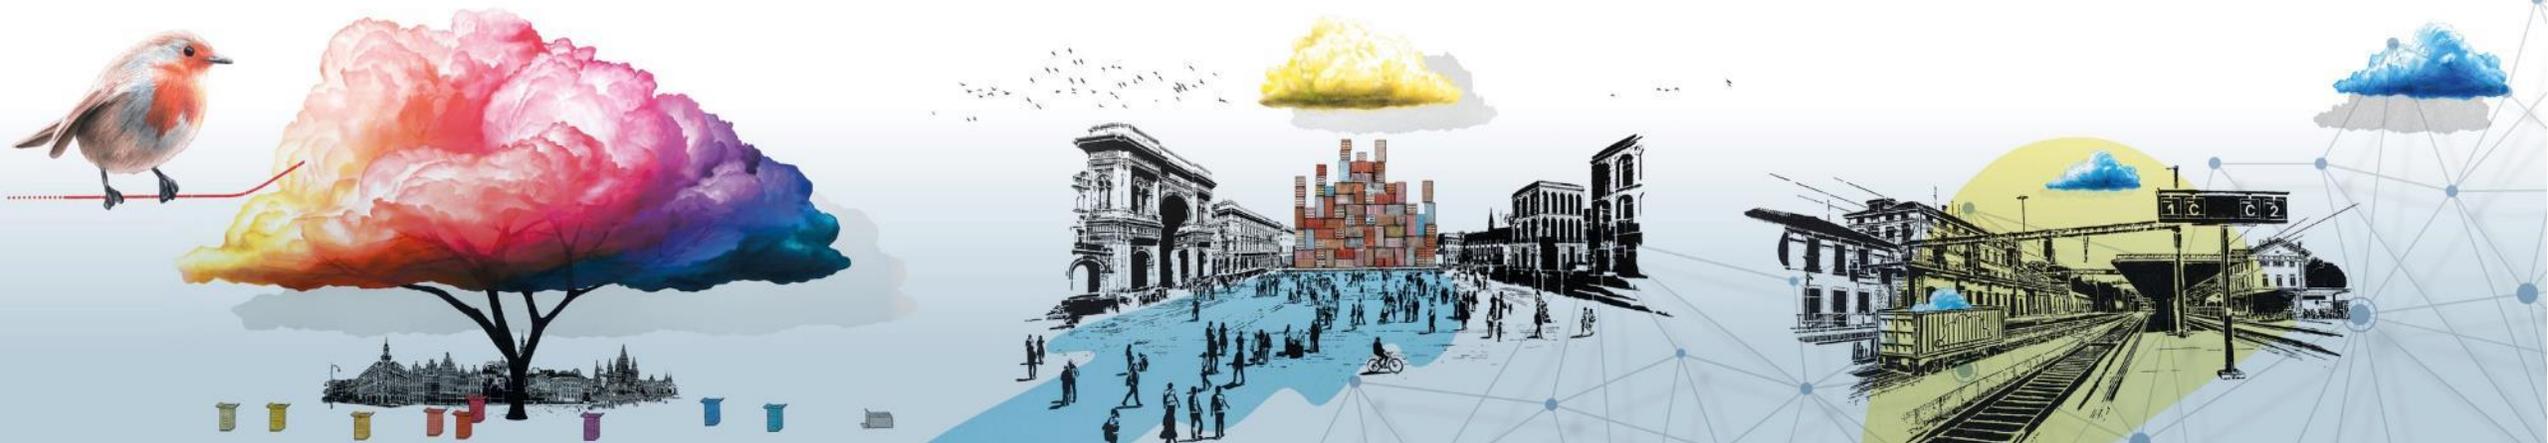

Digitalisation strategy of Hupac

# Leader in sustainable logistics since 1967

# We shape the future of intermodal transport

**Intermodal**  
We connect rail with road and sea all over Europe and beyond.

**Connected**  
Our customers benefit from the power of a strong network.

**Smart**  
We are the smart way of doing intermodal, with a wide range of services at a fair price.

**Safe**  
Safety is our top priority: today and tomorrow.

**Service**  
We run that extra-mile for our customers.

**Quality**  
We fight for upgrading the performance of the rail system.

**Agile**  
We listen, we cooperate, we develop, we deliver.

**Emission-free**  
Together we make the green revolution happen.

# Get in touch with our team!

Our dedicated teams are experts in their respective regions and are available to provide you with exceptional service and support.

With local knowledge and expertise, we can ensure that your requirements are met and that you have a full-service experience. Our teams are here to assist you every step of the way.
